

Heart Cries Alone

Jimmy Barnes

Heart cries alone.

By Jimmy Barnes. Tabbed by Cancerian12

Bb **Gm**
Ooh I thought I heard your heart cry
D# **E#**
Heard the tears deep inside
Bb **Gm**
Where sadness was hiding
D# **E#**
Before you realised
C#7 **Gm**
You can hide it with half a smile
C#7 **Gm**
But your eyes give you away
C#7 **Gm** **D#**
Can I hold you for a while
E#
I can not stay

Chorus

Bb **Gm** **D#** **Bb**
Heart cries alone, when all is said, and all is done
Bb **Gm** **D#** **Bb**
Heart turns to stone, when all is shed and all is gone

Bb **Gm**
Ooh I thought I heard your heart sigh
D# **E#**
On the day that he went away
Bb **Gm**
You knew it was forever
D# **E#**
Oh sadness came to stay

C#7 **Gm**
So be silent and be still
C#7 **Gm**
If it's only for today
C#7 **Gm**
Let me hold you for a while
D# **E#**
On your way

Chorus

Bb **Gm** **D#** **Bb**
Heart cries alone, when all is said, and all is done
Bb **Gm** **D#** **Bb**
Heart turns to stone, when all is shed and all is gone

B#m **D#**
And courage my friend, until then

Bb
With the wind

B#m **D#**
And all will be well, will be well

E#
In the end

Guitar bridge
