Beautiful Swimmers
Jimmy Buffett

E   A   (4x)

E   A   E
Marilyn Monroe did a night shoot in a pool
        B
Posing naked for a Playboy spread
         A   E
She was old, but she still was cool
          A   E
When they wrapped right after midnight
        G#m   C#m
And the crew went to the bar
        A   E
Norma Jean just did the backstroke
              B   E
Like she was reaching for a fallen star

Chorus:
A   E
Beautiful Swimmers
B   E
Know how to move
A   E   B
Slidinâ€™ cross the water like a steel guitar
A   E   G#m   C#m
Beautiful Swimmers stay in the groove
A   B   E   A
Riding constant currents near and far

E
Standing in a tidal pool
      A   E
Just east of Baltimore
B
Watching little blue crabs
      A   E
Navigate the eastern shore
          A   E
Every bayou stream and river
     G#m   C#m
In time runs to the sea
          A   E
Every tadpole, flounder, and softshell
B   E

Feels the choreography
                A   E
They're all Beautiful Swimmers

B   E
They know how to move
A   E   B
Sneaking past the draggers and the oyster bars
A   E   G#m   C#m
Beautiful Swimmers just feel the groove
A   B   E   A
Painting liquid brush strokes like Renoir
G#m   C#m
I miss my dorsal fin
G#m   C#m
I can't explain
G#m   C#m
I'm a big fish out of water
A   B
Dwelling on the coastal plain
E
Now If I was as rich as the Aga Khan
A   E
I tell you what I would do
      B
Buy every man, woman, and child on this planet
   A   E
A mask and a snorkel too
            A   E
Then I'd lead the wild migration
      G#m   C#m
Destination Waimea Bay
          A   B
Then we'd splash our way around the world
A   B   E
Life is just a water ballet
             A   E   B
Come on you Beautiful Swimmers
                  E
Who know how to move
A   E   B
Let's glide across the water like a steel guitar
A   E   G#m   C#m
Beautiful Swimmers stay in the groove
A   B   E   A   E   A   E
Catching constant currents near and far
