Capo 2nd

D C9 G D C9 G D C9 G D (HOLD)

Em9 C9 G/B

Little roadside restaurant we artfully complain

Em9 C9 G/B

Groovy tells the waitress that his chicken died in vain

Em9 C9 G/B

Most every day goes by according to design

Em9 D/F# G A

I live this dream and still it seems I have you on my mind

[Chorus:]

G D
From the bottom of my heart

A D
Off the coast of Carolina

G D
After one or two false starts

Bm A
I believe we found our stride

G D
And the walls that won't come down

A D
We can decorate or climb

G D
Or find some way to get around

Bm Em
Cause I'm still on your side

G D
From the bottom of my heart.

D C9 G D C9 G D C9 G D (HOLD)

Em9 C9 G/B

I can't see the future but I know it's coming fast

Em9 C9 G/B

It's not that hard to wind up knee-deep in the past

Em9 C9

G/B

There come alot of Mondays since that phone booth that first night

Em9 D/F# G A

Tears and miles and years and smiles I wanna get it right

.

G D
From the bottom of my heart

A D
Off the coast of Carolina

G D
After one or two false starts

Bm A
I believe we found our stride

G D
And the walls that won t come down

A D
We can decorate or climb

G D
Or find some way to get around

Bm Em
Cause I m still on your side

G D
From the bottom of my heart.

[Music Bridge]

Em9 C9 G/B

These days I get up about the time I used to go to bed

Em9 C9 G/B

Living large was once the deal now I watch the stars instead

Em9 C9 G/B

They re timeless and predictable unlike most things that I do

Em9 D/F# G A

I tell the wind and my old friend I m headed home to you.

G D
From the bottom of my heart

A D
Off the coast of Carolina

G D
After one or two false starts

Bm A
I believe we found our stride

G D
And the walls that won t come down

A **D**
We can decorate or climb
G **D**
Or find some way to get around
Bm **Em**
Cause I m still on your side
G **D**
From the bottom of my heart.
