

Spent a year of my life one night on the beaches in ole Beirut
Seems like all their aimin for there is to hang around and shoot
Each others lives away
Bloody winds on a distant bay

F

They re lookin for better days

Eb **Bb** **Eb** **Bb**
Lookin to the left, lookin to the right
Eb **Gm** **Bb**
Looking to the stars to shed some light
Eb **Bb** **Eb** **Bb**
Hopin for a breath, hopin for a break
Eb **Gm** **Bb** **C**
Hopin for the give without the take

The dreamers line the state road just to watch the runway show
Slouched behind their steering wheels they just watch the big
jets go

Streakin through the morning haze
Focal point of a distant gaze

On the corner of walk and don t walk somewhere on U.S. 1
I m back to live in Floridays
Blue skies and ultra violet rays
