Tuning: Standard Tuning, Capo 2nd Fret (Recommended)

I could never find this song anywhere on the internet so I finally sat down and tried it myself. I do not have the best musical ear but this sounds Really Really close to what jimmy plays.

Guitar Rhythm repeated throughout the whole song (C#minor, Bmajor, Amajor, Bmajor)
With the Capo.

With Capo 2nd Fret

	C#min	Bmaj	Amaj	Bmaj
e	-----4-----	-----0-----	-----5-----	-----0-----
-				
B	-----5-----	-----4-----	-----5-----	-----4-----
-				
G	-----6-----	-----4-----	-----6-----	-----4-----
-				
D	-----6-----	-----4-----	-----7-----	-----4-----
-				
A	-----4-----	-----0-----	-----7-----	-----0-----
-				
E	-----X-----	-----0-----	-----5-----	-----0-----
-				

The Bmajor has the shape of an A because of the capo. makes it a tiny bit easier to play.

Without Capo

e	-----4-----	-----2-----	-----0-----	-----2-----
-				
B	-----5-----	-----4-----	-----2-----	-----4-----
-				
G	-----6-----	-----4-----	-----2-----	-----4-----
