

Wondering Where The Lions

Jimmy Buffett

**E**

Sun s up, uh huh, looks okay

**A**

The world survives into another day

**E**

And I m thinking about eternity

**A**

Some kind of ecstasy got a hold on me

**E**

I had another dream about lions at the door

**A**

They weren t half as frightening as they were before

**E**

But I m thinking about eternity

**A**

Some kind of ecstasy got a hold on me

**E**

Walls windows trees, waves coming through

**A**

You be in me and I ll be in you

**Em**

Together in eternity

**A**

Some kind of ecstasy got a hold on me

**E**

Up among the firs where it smells so sweet

**A**

Or down in the valley where the river used to be

**E**

I got my mind on eternity

**A**

Some kind of ecstasy got a hold on me

**E**

And I m wondering where the lions are...

**A**

I m wondering where the lions are...

Huge orange flying boat rises off a lake

Thousand-year-old petroglyphs doing a double take

Pointing a finger at eternity

I m sitting in the middle of this ecstasy

Young men marching, helmets shining in the sun,

Polished as precise like the brain behind the gun  
(Should be!) they got me thinking about eternity  
Some kind of ecstasy got a hold on me

And I m wondering where the lions are...  
I m wondering where the lions are...

Freighters on the nod on the surface of the bay  
One of these days we re going to sail away,  
Going to sail into eternity  
Some kind of ecstasy got a hold on me

And I m wondering where the lions are...  
I m wondering where the lions are...
