C **G7**
Oh, it s springtime in the mountains and I m full of mountain dew
C
Can t even read my catalog like I used to do
C7 **F**
I m a sitting in that little shed that s right back of the house
G7 **C**
Here comes ol Jake with all the hounds but he s gonna hear me shout.

Chorus

C **G7**
Well, I won t go hunting with you Jake but I ll go chasing women
C
So put them hounds back in the pen and quit your silly grinning
C7 **F**
Well, the moon is bright and I m half tight my life is just beginning
G7 **C**
I won t go hunting with you Jake but I ll go chasing women.

C **G7**
Let s go down to the meeting house and wait till they start home
C
Them gals that live on Possum Creek will always leave alone
C7 **F**
We ll run em down the corn row them sassy little misses
G7 **C**
We ll scare them pretty gals to death we ll stop and blow em kisses.

Chorus

C **G7**
Well, I won t go hunting with you Jake but I ll go chasing women
C
So put them hounds back in the pen and quit your silly grinning
C7 **F**
Well, the moon is bright and I m half tight my life is just beginning
G7 **C**
I won t go hunting with you Jake but I ll go chasing women.

C **G7**
Now wash your face and comb your hair cause it s darn near time to start

But let me tell you fore you go there s no one that s got my heart
Don t chase that gal with the yellow hair and wearing dress of green
Well that little gal belongs to me I know she s past sixteen.

Chorus

Well, I won t go hunting with you Jake but I ll go chasing women
So put them hounds back in the pen and quit your silly grinning
Well, the moon is bright and I m half tight my life is just beginning
I won t go hunting with you Jake but I ll go chasing women.

Now I was headin for the general store when a silly thing I ve seen
They make em in the city it s called a magazine
I turned to page 32 and look at what I found
Them gals wear clothes that we ain t seen beneath them gingham gowns

Chorus

Well, I won t go hunting with you Jake but I ll go chasing women
So put them hounds back in the pen and quit your silly grinning
Well, the moon is bright and I m half tight my life is just beginning
I won t go hunting with you Jake but I ll go chasing women.
