Verse 2: [use verse 1 chords]

Can you tell me what just happened  
Where's my girlfriend with her ancient pindred lime  
I pick you up on a wednesday night, go out for our secret drive  
Like we were kids, will we be alright  
I have never doubted it before my friend  
Are they ever coming back again, those feelings that we started with  
I'll give it time

Chorus 2: [use chorus 1 chords]

It's time we had a plan then  
Of who will go, and who will stay, and when  
Until one of us can say it like it is  
You've already made your own bed

Bridge 1 chords:

**F**  
I deserve the truth

I've been alone just never noted
