

Gotta Be Somebody's Blues
Jimmy Eat World

Alright... This is my second go-around at a tab. I'm a fan of acoustic guitars and capos, so rather than drop-D tune, this is a great haunting song for an acoustic.

CAPO 1 (All chords relative to capo)

Eb

Let the water come

C#

G#sus2

She's the only one I love

Eb

Let the fat man drop

C#

G#sus2

She's the sweetest honey pot

F#

C#

G#

Will they see the sky again?

F#

C#

Eb

Who will sing their blues for them?

Let the factories rust

She's the only thing I trust

Let the virus spread

She's the silk lining my bed

Will they breathe our air again?

And who will sing their blues for them?

When you're feeling moved

You can have your conscience all you want

You can't say I do nothing

I put it off

Where are you going to go if they come for you?

Will there be someone left to sing your blues?

Where you gonna run when they come for you?

Will there be someone left to sing your blues?
