

**Kill
Jimmy Eat World**

Capo on 1st fret.

[Verse 1]

Em **C** **Em**
Well, you re just across the street,
 C **Em C**
Looks a mile to my feet;
 G D
I wanna go to you.
Em **C** **Em**
Funny how I m nervous still,
 C **Em** **C**
I ve always been the easy kill,
 G D
I guess I always will.

[Chorus 1]

Em **C** **G**
Could it be that everything goes round by chance?
 D **Em**
(Chance, chance)
 C **G**
Or only one way that it was always meant to be?
 D
(Be)
 Em **C** **G**
You kill me, you always know the perfect thing to say,
 D **Em**
Hey hey, hey hey,
 C **G** **D** **Em**
I know what I should do, but I just can t walk away.

C Em C

[Verse 2]

(same as verse 1)

I can picture your face well,
From the bar in my hotel...
I wish I d go to you.
I pick up, put down the phone,
Like your favorite heatmiser song goes;

It s just like being alone.

[Chorus 2]

Oh God, please don t tell me this has been in vain,
(Vain, vain)
I need answers for what all the waiting I ve done means.
(Means)
You kill me, you ve got some nerve, but can t face your mistakes,
Hey hey, hey hey,
I know what I should do, but I just can t turn away.
Away... away...

[Bridge]

So go on; love,
Leave while there s still hope for escape,
Gotta take what you can these days...
There s so much ahead, and so much regret.
I know what you wanna say,
I know, but I can t help feeling differently;
I loved you, and I should have said it,
But tell me just what has it ever meant.

[Chorus 3]

I can t help it, baby, this is who I am, am.
(Gm)
I m sorry but I can t just go turn off how I feel, feel.
You kill me, you build me up, but just to watch me break,

Hey hey, hey hey,

C

G

D

Em

I know what I should do, but I just can't walk away.
