

**Kill  
Jimmy Eat World**

Capo on 1st fret.

[Verse 1]

**Fm**                    **C#**                    **Fm**  
Well, you re just across the street,  
                  **C#**                    **Fm** **C#**  
Looks a mile to my feet;  
                  **G#** **Eb**  
I wanna go to you.  
**Fm**                    **C#**                    **Fm**  
Funny how I m nervous still,  
                  **C#**                    **Fm**                    **C#**  
I ve always been the easy kill,  
                  **G#** **Eb**  
I guess I always will.

[Chorus 1]

**Fm**                    **C#**                    **G#**  
Could it be that everything goes round by chance?  
                  **Eb**                    **Fm**  
(Chance, chance)  
                  **C#**                    **G#**  
Or only one way that it was always meant to be?  
                  **Eb**  
(Be)  
                  **Fm**                    **C#**                    **G#**  
You kill me, you always know the perfect thing to say,  
                  **Eb**                    **Fm**  
Hey hey, hey hey,  
                  **C#**                    **G#**                    **Eb**                    **Fm**  
I know what I should do, but I just can t walk away.  
  
**C#** **Fm** **C#**

[Verse 2]

(same as verse 1)

I can picture your face well,  
From the bar in my hotel...  
I wish I d go to you.  
I pick up, put down the phone,  
Like your favorite heatmiser song goes;

It s just like being alone.

[Chorus 2]

**Fm** **C#** **G#**  
Oh God, please don t tell me this has been in vain,  
**Eb** **Fm**  
(Vain, vain)  
**C#** **G#**  
I need answers for what all the waiting I ve done means.  
**Eb**  
(Means)  
**Fm** **C#** **G#**  
You kill me, you ve got some nerve, but can t face your mistakes,  
**Eb** **Fm**  
Hey hey, hey hey,  
**C#** **G#** **Eb** **G#**  
I know what I should do, but I just can t turn away.  
**Eb** **Fm** **C#** **G#**  
Away... away...

[Bridge]

**G#**  
So go on; love,  
**Eb**  
Leave while there s still hope for escape,  
**Fm** **C#**  
Gotta take what you can these days...  
**G#**  
There s so much ahead, and so much regret.  
**G#**  
I know what you wanna say,  
**Eb**  
I know, but I can t help feeling differently;  
**Fm** **C#**  
I loved you, and I should have said it,  
**G#**  
But tell me just what has it ever meant.

[Chorus 3]

**Fm** **C#** **G#** **Eb**  
I can t help it, baby, this is who I am, am.  
(**G#m**)  
**Fm** **C#** **G#** **Eb**  
I m sorry but I can t just go turn off how I feel, feel.  
**Fm** **C#** **G#**  
You kill me, you build me up, but just to watch me break,  
**Eb** **Fm**

Hey hey, hey hey,

**C#**

**G#**

**Eb**

**Fm**

I know what I should do, but I just can't walk away.
