Intro: **C#**, **G#**, **F#**, **C#**

Verse 1:

```
            C#
It s how I ve often felt

      G#                 F#
When I find myself on nights like these,

     C#
Like Christmas Eve

        C#
From the empty office window

       G#
To the street outside

    F#
It s everything not to call

    C#
And find out why
```

Chorus:

```
     F#
Just a little thing

          G#
Buried in the other things

          F#
Burning away, from inside

            C#
Could you be with me tonight?

        F#
There s a quiet dream
```

```
        G#
I m not supposed to think

            F#
Eating away at my mind

                C#
Could you be with me tonight?

Verse 2:

        C#
On the cab ride you said nothing

     G#
Just hair all in your face

And nothing changed

      C#
So, I walked until I just couldn t

    G#
Too late I understood

        F#
It was always half invented

        C#
But the other half was good

Chorus:

     F#
Just a little thing

            G#
Buried in the other things

            F#
Burning away, from inside

Could you be with me tonight?
```

There s a quiet dream

          G#
