Jimmy Eat World - Mixtape
Standard Tuning

Verse 1:

```
C#                              F#
Maybe we could put your tape back on

C#                               F#
Rewind until the moment we went wrong

C#       G#          Bbm        F#
I was always just a little bit lost

C#            G#        Bbm        F#
Knowing what I do, I should have fought
```

Chorus: [x2]

```
C#                  G#        Bbm        F#
You don t get to walk away walk away now

C#                        G#        Bbm        F#
It s too late, you can t walk away walk away now
```

Verse 2;

```
C#                      F#
Simple words connecting thought

C#                                              F#
Just pieces of the background until they re gone, gone, gone

C#       G#          Bbm        F#
I was only there to sing your song

C#           G#            Bbm        F#
What were you protecting yourself from?
```

Chorus: [x2]

```
C#                  G#        Bbm        F#
You don t get to walk away walk away now

C#                        G#        Bbm        F#
It s too late, you can t walk away walk away now
```

Bridge:

```
Cm                    F#      G#    Bbm F#
Where went all the takers baby

Cm                             F#  G#   Bbm   F#
could you still give What they Want

Cm                    F#      G#   Bbm C#
Where went all the takers baby

Cm                           F#  G#   Bbm   Eb
Do you still have What they Want
```

Solo: **C#**, **G#** / **Bbm**, **F#** [x4]

Chorus: [x4]

```
C#                  G#           Bbm           F#
You don t get to walk away walk away now

C#                             G#          Bbm           F#
It s too late, you can t walk away walk away now
```
