going into the chorus there s a Gflat A on the verse you ll get burned  
if it s all at one time and say something that you honestly mean ---  
so it would go C? (sorry don t know what that is) B then Gflat A. Listen  
to the song for the rhythms. this is one of my favorite jimmy songs, if  
you don t have it, go get it, most beautiful things is on that 7 inch and  
it s amazing too. pretty much JEW rules. have fun. email if you have  
any questions or if you figure out the solo for no sensitivity cause I  
sure can t.

playing music, for me that is heaven.
