

**The Heart Is Hard To Find**  
**Jimmy Eat World**

After giving *Invented* a few listens, this is my favourite song off the new album so far,  
some others are growing on me. Naturally, I wanted to pick up and strum along to it.

I tabbed it to follow the same chord progressions as I heard it, however it is not the  
exactly, as I believe Jim plays it an octave lower which requires dropping from standard,  
I just capo d instead. Let me know if you have corrections, thanks and rock on!

Capo on the 7th Fret, Standard Tuning.
