but I couldn t so here are the chords I played by ear. I think they are ok! :)

Intro: **Em G D A**

     Em
I m running around
              G
Think my foots on the ground

But I can t get it out of my head
     Em
I ve brought my sword
       G
Of this I m sure
    D
I ll use it on myself instead

And it s all fine
I know I m blind
I feel my heads in a different time
Days too dark
Nights too bright
I think I m wrong when I know I m right

Chorus:
D
Never knew I d love so much
G
Never thought my heart could crush
Hm
I lost that war
A7
I lost that war

D
I left my armor back at home
G
Coming back with broken bones
Hm
I lost that war
A7
I lost that war

I thought that love
Was just a bus
Waiting for your damn stop to come up
Then you re out in the cold
You feel so old
It left you there
And it stole your coat
But it s all fine
I know I m blind
Trusted you with my heart one time
Days are long
Nights are pain
Now I m back in that bus in the rain

Heartbreak s contagious loves become my enemy

You think you can change it, but the war is changing me
