

Papper Angels

Jimmy Wayne

Sorry i didnt tab the whole song but i think you can figure it out so hope you like
and this is a grate song

A **E**
After every day-after-Thanksgiving sale
F#m **D**
the malls just ain t complete
A **E** **F#m**
Without a bunch of decorations and a paper angel tree

Bm **A** **D** **A**
There s artificial smiles on artificial tree limbs
Bm **A** **F#m** **Esus- E**
Saying what she d love to have and what to buy for him

A **E**
Well i hope Maggie likes her new winter clothes
F#m **D**
and her buggy with a baby doll
A **E**
And maybe Tom ll smile with his new nike shoes
F#m **D**
when he shoots that basketball

Bm **A** **D** **A**
I can t help but wishing that i could do more
Bm **A** **F#m** **Esus- E**
But not just while I m shopping in the department store

[Chorus:]

A **E** **F#m** **D**
Paper angels you re in my thoughts and prayers
A **E** **F#m**
D
No matter where you are right now remember God s right there
Bm **A** **D** **A**
He s asking all of us to help take care
F#m **D** **A** **E** **F#m** **D**
Of his paper angels everywhere

Going through the mail almost every afternoon i see a Mom and Dad s
Worst dream
There on the back of a money-saving ad to get my carpet cleaned
Height, weight, hair, eyes, date missing, and DOB
A child s name, a picture, and the words have you seen me?

[Chorus:]

Paper angels you re in my thoughts and prayers
No matter where you are right now remember God s right there
He s asking all of us to help take care
Of his paper angels everywhere

(Bridge)

His documented bruises fill a folder file **F#m** **A**
She s a second grade self-portrait drawn without a smile **F#m** **Esus** **E**
And every town is littered with this kind of debris **F#m** **A** **C#m** **F#m**
We ve got to stop this madness and it s up to you and me **D** **A** **D** **E**

[Chorus:]

Paper angels you re in my thoughts and prayers
No matter where you are right now remember God s right there
He s asking all of us to help take care
Of his paper angels everywhere
Paper angels everywhere
