Campo de Encino

F
I wanna live on the valley side
Where the girls are skinny and the sky is wide
C7
Where I can take my horsey for a ride in Campo de Encino

Gm7 **C7**
Listening to the local rock and roll band
Gm7 **C7**
Resting my feet in the cool green screenland
Gm7 **C7** **F**
Me and Ralph Williams gonna make our stand in Campo de Encino

F **Am** **Bb**
Ay, yi yi, I wanna drive a sporty car
And be a pinball star and have a waterfall bar
F **F7**

That revolves around my swimming pool
Bb
I wanna take touch therapy
I wanna wipe out VD and set the animals free
F **Ebmaj7** **Bb** **F**
And most of all I wanna soar, I wanna soar away

C7
Why don t we have a barbecue and I ll make love to you
F
If you dad will let you stay and play

I wanna live San Fernando style
I wanna eat an artichoke once in a while
I m gonna watch police helicopters checking my file over Campo de Encino
A chamber group playing without any clothes
Good for the oboes but hard on the cellos
Your ears might get tired but your nose always Campo de Encino

Ay, yi, yi, I wanna take a vegetarian diet
I ve gotta learn to be quiet that is, I think that I ll try it
I ve heard it cures all
I really wanna learn about the primal scream
And the meaning of my dream and get back on that beam
But most of all I wanna soar away

Why don t we listen to the Stones and explore some unknowns
If your mom will let you skip ballet
