It won t bring her back

You know it s no disgrace to try and save some face
I did that very thing when I was in your place
I m speakin from experience, I knew the lady first
It s hard work forgettin baby, you can work up quite a thirst but
Drinkin is the worst

It won t bring her back to go out rasin Cain
And you won t find the answer in a cigarette
You can smoke the whole damn pack, create a never ending chain
You can buy yourself a heart attack but it won t bring your baby back
It won t bring her back

It won t bring her back to drive yourself insane
She s already busy with some other fool
Why don t you cut yourself some slack cause the truth is all in vain
You can carry on like a maniac but it won t bring your baby back
It won t bring her back
