

Its A Sin
Jimmy Webb

It's a Sin

Dm **F** **A7**
Now the Lord, he ll forgive you for cheating
Dm **F** **Bm7**
And the Lord, he ll forgive you if you lie
A# **F** **A7** **Dm**
Yes, he ll forgive and he ll help you to live
G **G7** **A#**
But he sure frowns down soundly on you and I, babe

Chorus:

F **Am** **A#** **Gm**
It must be a sin when you love somebody
F **Am** **D#**
Damned if you don t, twice damned if you do
C **F** **F7** **A#** **G**
It must be a sin when you love somebody
F **C** **A** **A7** **Dm**
As much as I m lovin you.

Now the Lord he s known, and for his kindness
Always willing to set a sinner free
He ll save your soul and he ll make you whole
But I don t see no angels comin down shinin their light on you and me.
