Met Her On A Plane

Cmaj7 **F**
I met her on a plane

Cmaj7
I had forgotten I was made of glass

F
I watched the cars and crows and cities pass

Em7 **Dm7** **C/G**
You know, I watched the sun till I was blind

Dm7 **C/G**
I tried to drive her from my mind

Dm7 **G7** **C**
But I kept seeing her and I disappearing in the scenery

C **Em7** **F** **G** **C**
I was humming, humming inside

C **Em7** **F** **G** **C**
Mmm mmm humming, I was humming inside

She told me of her pain
She did not know that I was hearing her
She did not know that I was nearing her
You know the sun it did remain
And from the glaciers to the plain
Her eyes burned bluer than the skies that still exist over Nevada

I was humming, humming inside
Mmm mmm humming, humming inside
