

**You Might As Well Smile**  
**Jimmy Webb**

You Might As Well Smile

**C** **F** **C**  
You re still the best person I ever knew  
There were a thousand little things that I was always  
**G**  
Just about to say to you  
**Fmaj7** **Em7** **D**  
But the now time, it grows shorter for the speeches  
**Fmaj7**  
Just let me leave you with the line  
**Cmaj7** **Dm7** **C**  
It might help you pass the time sometime

Chorus:

**Fmaj7**  
You might as well smile  
**G** **F** **Cmaj7**  
Ain t no tears gonna drown the rain, keeps on fallin  
**Fmaj7**  
You might as well smile  
**G** **F** **Cmaj7**  
Ain t no pain gonna change what still remains  
**F**  
You might as well mantain, babe  
**C** **Am**  
Protect your sanity, your sanity,  
**F** **G** **C**  
Then shine it on me, shine it on me

I remember times when you held you, you d freeze my spine  
We were lookin in the mirror at the time  
I got confused and I thought your eyes were mine  
But now the time, it grows shorter for the secrets  
Just let me leave you with some truth  
Might help you hold on to your youth sometimes

Chorus +:

**F** **Em7** **Bb/D** **G** **C**  
Shine, shine, let it shine, shine on me
