intro **G Em C D**

G **Em**
Oh my eyes became blurry when I look at you
G **Em**
And so as my heart how it feels
G **Em**
The sparks that you had for me has gone away
G **Em**
By your words I have been compromised
C9
I begged you to please stay
Dsus
You looked down and ran away
G **Em**
All the sacrifices I have done for you
G
They all turned to dust now
Em
And they re everywhere
G **Em**
Your heart is a stone and your soul is cold
G **Em**
I m burning your pictures out of my wall
C9 **Dsus**
Cos you took me for granted and played like a fool
Am **Dsus**
But I want you to know that I m stronger now
Am **D** **Dsus ... D....**
If you ever come back I ll thank you for the pain

Chorus:

G
Cos this is the last time I ll think of you
Em **C**
It s right time to keep my head up so high

Dsus **D**
From the pain that you left me
G **Em**
It s the last time I ll put your heartprints on my mind
C
No matter how hard it takes
Dsus
Cos they said it takes time to heal

G Em C D

G **Em**
I ve tried my best to keep up with all your demands
G **Em**
You stabbed me in my heart with your words
G **Em**
I tried to be the one who apologize
G **Em**
All I ever did is to love you
C **Dsus**
For years I have felt death living without you
Am **Dsus**
But I want you to know that I m stronger now
Am **Dsus** **D**
If you ever come back I ll thank you for the pain

Chorus:

G
Cos this is the last time I ll think of you
