All those simple thoughts all those peaceful dreams  
Share the space with a hard worked, hard worked day  
But it s the little things, the little things not expectation  
That make life worth living, worth living

Glory, Glory - Hallelujah And the world Lord, world is fine  
Glory, Glory - Hallelujah The sun is shining, shining down  
Glory, Glory - Hallelujah I m alive and I m feeling Lord,feeling, feeling,  
feeling fine.
