No Capo

**C**  
The cut is deep  
**G**  
But never deep enough for me  
**F**  
It doesn't hurt enough  
**C**  
To make me forget  
**C**  
One moment of relief  
**G**  
Is never long enough  
**G** **F**  
To keep the voices in my head  
**C** **G**  
From stealing my peace

**F** **C**  
Oh, control  
**F** **C**  
It's time, time to let you go

**C**  
Perfection has a price  
**G**  
But I cannot afford to live that life  
**F**  
It always ends the same  
**C** **G**  
A fight I never win

**F** **C**  
Oh, control  
**F** **C**  
It's time, time to let you go

**F** **G**  
I'm letting go of the illusion  
**F** **G**  
I'm letting go of the confusion  
**F** **G**

I can't carry it another step

**F**

I close my eyes and take a breath

**C**

**G**

**F**

I'm letting go, letting go

**C**

There were scars

**C**

Before my scars

**G**

Love written on the hands

**G**

That hung the stars

**F**

Hope living in the blood

**C**

That was spilled for me

**F**

**C**

Oh, control

**F**

**C**

It's time, time to let you go

**F**

**C**

Oh, Control

**F**

**C**

It's time, time to let you go
