Taste of Texas

G **G**
I?ve got the sweet taste of texas in my mind
D
I?ve got the sweetest lover I could find
G **C**
I?ve got my boots pulled up and my shades pulled down
G **D** **G**
Texas has the sweetest taste around

I?ve got the sweet taste of texas in my heart
I?ve got the girl of my dreams playin? the part
I?ve got the windows rolled down, and ol? hank cranked up
The sweet taste of texas never stops

I?ve got the sweet taste of texas in my soul
She?s one hell of a woman head to toe
I?ve got a smile on my face a country mile wide
With the sweet taste of texas at my side

I?ve got the sweet taste of texas in my arms
She?s been dazzlin? me with her charms
Lord, I never knew I could feel so young
With the sweet taste of texas on my tongue

Em **C**
Now folks say texas is hot and dry
And that she wants to see you dead
But them folks don?t know how sweet it is
Em **D**
With texas in your bed

I?ve got the sweet taste of texas next to me
If it?s gonna taste this good she?ll always be
And I never knew I would feel this young
With the sweet taste of texas on my tongue

another stab at country music, which has been stabbing me for years.
