

My Give A Damns Busted
Jo Dee Messina

Well you [E]filled up my head with so many lies
You ve [A]twisted my heart til something snapped inside
I d [C]like to give it one more try[D]
But, my give a damn s busted[E]

(same E-A-C-D pattern for all other verses)

You can crawl back home, say you were wrong
Stand out in the yard and cry all night long
Go ahead and water the lawn
My give a damn s busted

Chorus: G-D-E
[G]I [D]really wanna [E]care
[G]I [D]wanna feel [E]something
[G]Let me [D]dig a little [E] deeper
(no chord) No, sorry, nothing

You can say you ve got issues
You can say you re a victim
It s all your parents fault, I mean after all you didn t pick em
Maybe somebody else has got time to listen
My give a damn s busted

Well your therapist says it was all a mistake
A product of the Prozac and your codependent ways
So who s your enabler these days
My give a damn s busted

Repeat Chorus

It s a desperate situation
No tellin what you ll do
If I don t forgive you, you say your life is through
Come on give me something I can use
My give a damn s busted

Last Chorus:
Well, I really wanna care
I wanna feel something
Let me dig a little deeper
No, man, sorry
Just nothing, no

You ve really done it this time
My give a damn s busted
