

Nervous

Joan As Police Woman

okay, so having paid scant attention to all but the chorus of this song i figured it would be easy to transcribe... but no. the E7 wasn't what i thought it would be, and the tricky little bastard that is the C#dim that i'm still not even totally sure is right, tell me what you think (here is a link to a live performance: <http://www.youtube.com/watch?v=RmmUIQFb6w4> you can sort of see her hand move). anyway, this sounds okay to me. great song, lovely voice. if you sing it even half as well as she does you should tell someone about it.

this is all relative to a capo on 2

Chords for the verse:

Dm -x-5-7-7-6-x-
E7 -x-5-6-4-5-x-
Em -x-7-5-0-0-x-
C#dim -x-4-5-3-4-x-
D5 -x-0-0-2-3-x-
C - open, like normal
...and likewise, Bbmaj7 like normal

Dm **E7**
I want you to fall in love with me
Dm **E7**
Can't tell you what's come undone in me
Dm **E7**
I just want your love
Em **C#dim**
I want it now
D5 **C** **Bbmaj7** **F**
I want your face inside of my mind

Dm **E7**
I need you to know I need to be worshipped
Dm **E7**
Like any other queen around
Dm **E7**
What's different about you
Em **C#dim**
Fits like a glove
Dm **C** **D#maj7**
But please ready yourself

Bb **F**
Cause I don't come with a manual
Bb **C** **F**
No, I lost it long ago

F **Bb**
Truly, you do just make me nervous
Gm **C**
And I m not used to it
F **Bb**
It s like they say in all those books I never read
Gm **C**
So I m not used to it
Bb **C** **F**
But I m not the first to feel that bliss
Bb
I quite enjoy it
Gm **C** **Dm**
It s like I fell into your well

Might you really write me letters
Yes, I accept long letters
â€˜Cause I need attention more than you know
More than I ll ever admit

But you, you seem to understand
Right, right from the beggining
Oh you seem to comprehend
That I m human, human too

Truly, you do just make me nervous
And I m not used to it
It s like they say in all those books I never read
So I m not used to it
But I m not opposed to feeling bliss
I quite enjoy it
It s like I fell into your well

D#
With all the diamonds
Dm
I certainly won t mind it
C
Might even be true
C7 **...Dm**
Oh but I m not used to it
