

**Stagger Into The Light**  
**Joan As Police Woman**

i am a big fan of joan wasser, and although i do not love this ep quite as much as her other albums (of which, i am sure, the deep field is chief), this song in particular got a hold on me very quickly. not so swiftly forthcoming was this transcription, i m afraid (it staggers around a little in terms of key), but i think i ve got it all down and all right. enjoy the music!

**D // B // A // G / A /**

**D B**  
I do  
**A**  
Want every night  
**G A D**  
To feel like the eagle in flight  
**B A G**  
I do  
**D B A**  
And if you feel like you might  
**G A**  
Want to share this with me  
**D B**  
Well, I beckon you  
**A G**  
To me

**F# E7 D7**  
This is an attempt to recover  
**B A Emaj7**  
The stone in the gold  
**B A E**  
And the ice, ever-crystalline  
**B**  
And the oh  
**C# F#7**  
Oh-oh-oh, oh-oh  
**E7 C#m B**  
That acts like it s lost its place  
**A F# G G# A**  
In this warring world

\*Listen to me!\*

**F#m E A**  
Stagger into the light

**F#m E A**  
Stagger into the light

**D B**  
The earth is child

**A G A**  
Treat her tonight as if she were infant

**D B A**  
And you re her first springtime

**D B**  
Remember the human peace

**A G A D**  
Rips like tissue when trying to get the gift

**B A**  
This gift

**F# E7 D7**  
This is an attempt to recover

**B A Emaj7**  
The song in the reed

**B A E**  
How it bends to become you

**B**  
And the oh

**C# F#7**  
Oh-oh-oh, oh-oh

**E7 C#m B**  
That acts like it s lost its place

**A F# G G# A**  
In this warring world

\*Listen to me!\*

**F#m E A**  
Stagger into the light

**F#m E A**  
Stagger into the light

Cause I do  
Feel like tonight could be every night  
For forever  
And I know you feel the same way  
I do, I do

Send you eyes my way  
We ll recover the warmth of the dirt  
And the shine in the salty air  
And the oh, oh-oh-oh, oh-oh  
That acts like it s lost its place  
In this warring world

\*gasp, sensually

Stagger into the light  
Stagger into the light
