FREE AT LAST - Joan Baez
Tabbed by: Leo Arbaro
Tuning: E (standard)
CHORUS:
Free at last, free at last,
Free from the world and all its sins!
Free at last, free at last,
I ve been to the top of the mountain.
C
Hatred had me bound, had me tied down,
Had me turned around, couldn t find my way.
Then you walked with me and you set my spirit free,
                          G
Took me and my family down that long highway.
[CHORUS.]
I will never forget when the voices called,
I will never forget how the night did fall,
I will never forget when you rose to the call.
You lived and loved and sang and preached and died for us all.
[CHORUS x3.]
