Please Donâ€™t Tell Me How The Story Ends  
By Ronnie Milsap

**C** **F** **C**  
This could be our last goodnight together

**G7**  
We may never pass this way again

**C** **F** **C** **F**  
Just let me enjoy till its over or forever

**C** **G7** **C**  
Please don t tell me how the story ends

**F** **C**  
See the way our shadows come together

**G7**  
Softer than your fingers on my skin

**C** **F** **C** **F**  
Someday this may be all that we ll remember of each other

**C** **G7** **C**  
Please don t tell me how the story ends

**F** **C**  
Never s just the echo of forever

**D7** **G7**  
Lonesome as the love that might have been

**C** **F** **C** **F**  
Just let me go on loving and believing til it s over

**C** **G7** **C**  
Please don t tell me how the story ends
