

**Book Of Right-On**  
**Joanna Newsom**

The same two chords repeat through the whole song so feel free to improvise within them.

You might as well, it s a cover.

[Chorus]

**C#m7**

We should shine a light on

**F#7**

A light on

**C#m7**

And the book of right-on s right on

**F#7**

It was right on

[Verse 1]

**C#m7**      **C#m7**      **C#m7**

I killed my dinner with karate

**F#7**              **F#7**              **F#7**

Kick em in the face, taste the body

**C#m7**                                      **F#7**

Shallow work is the work that I do

Do you want to sit at my table?

My fighting fame is fabled

And fortune finds me fit and able

**C#m7**

And you do say

**F#7**

That you do pray

**C#m7**

And you say

**F#7**

That you re ok

[Verse 2]

Do you want to run with my pack?

Do you want to ride on my back?

Pray that what you lack does not distract

And even when you run through my mind

Something else is in front, oh, you re behind

And I don t have to remind you

To stick with your kind

**C#m7**

And you do say

**F#7**

That you do pray

**C#m7**

And you say

**F#7**

That you re ok

[Bridge]

And even when you touch my face

You know your place

And even when you touch my face

You know your place

[Chorus]

**C#m7**

We should shine a light on

**F#7**

A light on

**C#m7**

And the book of right-on s right on

**F#7**

It was right on
