En Gallop - Joanna Newsom - Chords

This is a beautiful and poetic song. It is easy to play.

Bb refers to **B** flat (**A** sharp)

Advice for using a capo:

You could play this song with a capo at the 1st fret if you find barring difficult. If

you do this you should play all the Fs how you would play an E and all the Bbs how you

would play an A. You should play the C how you would play a B7 or normal B.
