

## Feel The Sunshine

Joe Brooks

**B**

**A**

This place it has deserted you, one by one it's turning out the lights

**B**

**A**

Standing breathless looking for the beauty hanging inches from your eyes

**B**

**A**

**B**

**A**

Feeling high, feeling dry

**B**

**F#**

Sometimes you wait up all night for the sunshine to bring you the light and

**G#m**

**E**

lead you home again, lead you home again.

**B**

**F#**

If you ever stop hoping that life could be better,

**G#m**

I'm letting you know that I'm still here by your side,

**E**

So turn around and feel the sunshine.

**B A**

**B**

**A**

Hurt only hurts as long as the heart doesn't have the heart to be free

**B**

It was you who said "just lose it all", in faith that what you give you

**A**

will receive.

**B**

**A**

Feeling high, feeling dry

**B**

**F#**

Sometimes you wait up all night for the sunshine to bring you the light and

**G#m**

**E**

lead you home again, lead you home again.

**B**

**F#**

If you ever stop hoping that life could be better,

**G#m**

I'm letting you know that I'm still here by your side,

**E**

So turn around and feel the sunshine.

**A** **B**  
Oh oh ohâ€| at least you know youâ€™re alive

**A** **B**  
Oh oh ohâ€| sometimes what we need is the fight

**B** **F#**  
But if you ever stop hoping that life could be better,  
**G#m**  
Iâ€™m letting you know that Iâ€™m still here by your side,  
**E**  
So turn around, turn aroundâ€|

**B** **F#**  
Sometimes you wait up all night for the sunshine to bring you the light and  
**G#m** **E**  
lead you home again, lead you home again.

**B** **F#**  
If you ever stop hoping that life could be better,  
**G#m**  
Iâ€™m letting you know that Iâ€™m still here by your side,  
**E**  
So turn around and feel the sunshine.

**B** **F#** **G#m**  
**E** **B**  
Turn around and feel the sunshine.
