F Dm C/F# Bb C Bbm Gm

F **Dm**
She hangs wind chimes from her ears

Bb **C**
But I still can't tell which way her mood's blowing

F **C/F#** **Dm** **Bb**
The shades of her eyes well don't let them fool you now,

C
Cos naive is not her middle name

F
She's a kaleidoscope,

Dm **Bb**
a new shade for each new way in which she draws you close

C
and then stumbles on your name

F **Dm**
She is a battlefield, except you're fighting with yourself

Bb **C**
To keep your heart of steel, from melting to the ground

Dm **Bb** **F** **C/F#** **Dm**
She is an oooh oooh... Kaleidoscope

Bb **Bbm**
She is an ahhh oooo... Kaleidoscope

F---Dm---Bb

F **C/F#** **Dm**
A moat surrounds her fortress,
Bb **C**
her long technicolor hair she dangles almost to the ground,
F **C/F#** **Dm**
So that my finger tips always fall short of,
Bb **C**
The light that glows so sweet and blindly guides without a care

Sheâ€™s a Kaleidoscope, a new face for each new day
in which she draws you close and then stumbles on your name
She is an astronaut dancing freely through the air
Between each telescope that tries to catch her if they dare
Try to catch herâ€¦

Bb
Oh she comes and then sheâ€™s gone,
Bb
To the eye so kind for the heart so wrongâ€|
Bb
Oh she comes and then sheâ€™s goesâ€|
Bb **Gm**
To my eye so kind, but thatâ€™s the one thing for sure she knows.

F
Oh kaleidoscope,
Dm **Bb**
a new shade for each new way in which she draws me close
C
and then you stumble on my name
F **Dm**
You are a battlefield, leaves me fighting with myself
Bb **C**
To keep my heart of steel, from melting to the ground
Dm **Bb** **F** **C/F#** **Dm**
She is an oooh oooh... Kaleidoscope
Bb **Bbm**
She is an ahhh oooo... Kaleidoscope
