**A F#m E/F# D E Dm Bm**

**A F#m**  
She hangs wind chimes from her ears

**D E**  
But I still can't tell which way her mood's blowing

**A E/F# F#m D**  
The shades of her eyes well don't let them fool you now,

**E**  
Cos naive is not her middle name

**A**  
She's a kaleidoscope,  
**F#m D**  
a new shade for each new way in which she draws you close  
**E**  
and then stumbles on your name

**A F#m**  
She is a battlefield, except you're fighting with yourself

**D E**  
To keep your heart of steel, from melting to the ground

**F#m D A E/F# F#m**  
She is an oooh oooh... Kaleidoscope

**D Dm**  
She is an ahhh oooo... Kaleidoscope

**A---F#m---D**

**A** **E/F#** **F#m**  
 A moat surrounds her fortress,  
**D** **E**  
 her long technicolor hair she dangles almost to the ground,  
**A** **E/F#** **F#m**  
 So that my finger tips always fall short of,  
**D** **E**  
 The light that glows so sweet and blindly guides without a care

**A** **F#m**  
 Sheâ€™s a Kaleidoscope, a new face for each new day  
**D** **E**  
 in which she draws you close and then stumbles on your name  
**A** **F#m**  
 She is an astronaut dancing freely through the air  
**D** **E**  
 Between each telescope that tries to catch her if they dare  
**E**  
 Try to catch herâ€¦|

**D**  
 Oh she comes and then sheâ€™s gone,  
**D**  
 To the eye so kind for the heart so wrongâ€¦|  
**D**  
 Oh she comes and then sheâ€™s goesâ€¦|  
**D** **Bm**  
 To my eye so kind, but thatâ€™s the one thing for sure she knows.

**A**  
 Oh kaleidoscope,  
**F#m** **D**  
 a new shade for each new way in which she draws me close  
**E**  
 and then you stumble on my name  
**A** **F#m**  
 You are a battlefield, leaves me fighting with myself  
**D** **E**  
 To keep my heart of steel, from melting to the ground  
**F#m** **D** **A** **E/F#** **F#m**  
 She is an oooh oooh... Kaleidoscope  
**D** **Dm**  
 She is an ahhh oooo... Kaleidoscope

**D---F#m---E/F#---A**
