

Till My Heart Stops Beating

Joe Brooks

HEY GUYS. I am 99.99% positive this is exactly how it sounds in the recording of Joe

playing it. :) enjoy my hard work. For girls to sing, I would move it up two half steps so that

Gm=Am Cm=Dm A#=Cm

F=G Dm=Em

Gm, Cm, A#, F

oooooooooooooooooooo(2X)

I can't hold it down,

Or hold it in,

Cause I got this feeling,

That I've finally found.

I've waited on you all my life,

And with no rhyme or reason,

I got knocked to the ground.

Cm A# Cm
I'm in a thousand pieces and I've got no excuse,

A# F
To keep this all a secret, secret, now.

A# Dm
I'm never gonna let you down,

Gm
I'm never gonna leave you out,

A# F
I'm gonna be there till my heart stops beating,

A# Dm
My heart stops beating
And now it doesn't matter where you are,

Cm A#
I'm never gonna be that far,
I'm gonna be there till my heart stops beating,

F
My heart stops beating

Gm, Cm, A#, F
Your eyes, deep mind,
Are everything to me, acts like a diamond ring
And when we're together,
We're together now so come first
This is more than we know,
A situation that we let go,
Gonna be regretting forever,
And ever now.
