G **B** **C** **D**
Coming down from a tragedy, the air is thin and hard to breath
G **B** **C** **D**
By the window pane has another day shadows live
G **B** **C** **D**
To usher in a symphony complete with dancing guilt at the fools expense
G **B** **C** **D**
Bitter finds a home, bitter comes to stay, bitter lingers on, bitter is the way
G **B** **C** **D**
Bitter is the day, bitter comes in waves, bitter comes to stay,
G **B** **C**
Bitter is the way, to an early grave for my soul to save, for my soul I
D **G**
pray, cast bitter days away

E **B** **C** **D**
longin for a sense, honey suckle sweet reprise
E **B** **C** **D** **G**
memories defeat a defiant since of hope, in lieu, bitter is the day

G **B** **C** **D**
Coming down from a tragedy, the air is thin and hard to breath
G **B** **C** **D**
Written for a line desperation tale as if to say
G **B** **C** **D**
Bitter is the way, bitter is the day, bitter comes in waves, bitter comes to
stay
G **B** **C** **D**
Bitter is the way, to an early grave, for my soul to save, for my soul I pray,
G
cast bitter days away
G **B** **C** **D**
Bitter is the day, bitter comes in waves, bitter comes to stay, cast bitter
G
days away

Thought it was a shame that there was no Joe Buck Yourself here so thought I would give it a go. Hope you enjoy-- J. Burrow
