

Night Calls

Joe Cocker

G#m **F#**
The night gang started working
E **Ebsus**
Laid a mile of solid road
C#m **B**
As I watched, I got to thinking
Ebsus **G#m**
You ain t never coming home.
F#
I looked out into nowhere
E **Ebsus**
There was nobody at all
C#m **B**
To get me help, to get me to you
Ebsus **G#m**
I m here making night calls.

CHORUS

G# **Cm** **C#** **B** **Eb**
Night calls, making night calls
G# **Cm** **C#** **B** **Eb**
Night calls, making night calls.

G# **F#** **G#**
I have, I have tried so hard to reach you
F# **G#**
But you must be moving fast
C# **B**
All my hopes about the future
Bb **Eb**
They ll just move on into the past.
G#m **F#**
You know it just ain t easy
E **Ebsus**
As the twilight starts to fade
C#m **B**
Sitting here on a chair I m wondering
Ebsus **G#m**
Thinking of the plans we made.
