**E G#m**  
We re gasoline and fire

Coming all apart  
**B F#**  
You re my cover, you re my lover, you re my purple heart  
**E G#m**  
When there s no one left telling me the truth  
**B F#**  
And I feel there s nothing real there to hold on to

When I m way off track

When I hurt like that  
**B**  
You love me back
