**E**  
All the years of tears had gone by

**E6**  
All the years of fighting, we just kept it inside

**Emaj7**  
And all the times we thought it would,

**Esus4**

Go away?

**E**  
I thought we could be together,

**E6**  
Move on from that day and I,

**Emaj7**  
Thought it would be

**E**  
**Esus4**

Alright?

**G#m** **A** **Esus4**  
Was it something that I said, or was it something that you herd?

**G#m** **A** **Esus4**  
Was it something that we did, or tried to find along the way?

**G#m** **A** **Esus4**  
Was it something that you said, that I thought I heard some-thing else

**G#m** **A** **Esus4**  
Or was it simply, enough

**E** **E6**  
All the times that we cried, we kept it all inside, again

**Emaj7** **Esus4**  
I thought you were some-----one else

**E**  
Was the empty feeling that we had?

**E6**  
Was it the sad look on your face?

**Emaj7**  
**Esus4**

**E**  
Please turn away now and move on,

**E6**  
Find the feeling somewhere else,

**Ema j7**

**Esus4**

And move on, with no shame

**G#m**                    **A**                    **Esus4**  
Was it something that I said, or was it something that you herd?

**G#m**                    **A**                    **Esus4**  
Was it something that we did, or tried to find along the way?

**G#m**                    **A**                    **Esus4**  
Was it something that you said, that I thought I heard some-thing else  
**G#m**                    **A**                    **Esus4**

Or was it simply, enough

**Esus4**  
Enough?

**E**

All the years of tears had gone by

**E6**  
All the years of fighting, we just kept it inside

**Ema j7**  
And all the times we thought it would,

**Esus4**

Go away?
