

Youre My Favorite Song
Joe Jonas

[Verse 1]

Words don t come easy
Without a melody
I m always thinking
In terms of do-re-mi
I should be hiking, swimming
Laughing with you
Instead, I m all out of tune
But what you don t know
You lift me off of the ground
You re inspiration
You helped me find my sound
Just like a baseline in half-time
You hold down the groove
That s why I m counting on you

[Chorus]

And if I heard you on the radio
I d never want to change a single note
It s what I m trying say all along
You re my favorite song

[Verse 2]

I m in a session, writing tracks
You got another class to teach
And then rehearsal with the band

B **F#**
You re always one step out of reach
 F# **C#**
I m looking for some harmony with you
 B **F#**
It comes so naturally
 A **C#m** **F#** **Ab**
You help me find the right key

[Chorus]

C# **D#** **G# Fm**
And when I hear you on the radio
C# **D#** **G# Fm**
I never want to change a single note
C# **D#** **Cm Fm**
It s what I tried say all along
C# **G#** **D#**
You re my favorite song
 C#
My favorite song

[Outrol]

D# **G#** **Fm**
And when I hear you on the radio
 C# **D#** **G#** **Fm**
I never want to change a single note
C# **D#** **Cm Fm**
It s what I tried say all along
C# **G#** **D#**
You re my favorite song
C# **D#** **G#**
You re my favorite song
