

Impossible

Joe Nichols: The Impossible

Capo on the second fret.

G
My dad chased monsters from the dark
C
And checked underneath my bed
G
He could lift me with one arm
C
Way over top his head
G
He could loosen rusty bolt s
C
With a quick turn of his wrench
G
He pulled splinter s from his hand
C
And never even flinch
Em **C**
In thirteen years I never seen him cry
Am **C** **D**
But the day that grandpa died I realized

Chorus:

D **G** **D**
Unsinkable ships sink, Unbreakable walls break
Em
Sometimes the things you think would never happen
C
Happen just like that
D **G**
Unbendable steel bends
D **C**
If the flurry of the wind is unstoppable
Am **C**
I ve learned to never underestimate
D **G**
The Impossible
