Diamond State
Joe Purdy

E F#m

Take me back those summer days

A I

Winter's making my old bones ache

E F#m

I'll return when the weather's changed

A 1

I'll see you in the Diamond State again

E F#m

Well I got religion and the old north wind

A I

All the colours came, the colours went

E F#m

I swore to get right with my family and friends

A E

Gave my bottle to the preacher, start over again, singing

E F#m

Take me back those summer days

A I

Winter's making my old bones ache

E F#m

I'll return when the weather's changed

A B

I'll see you in the Diamond State again

E F#m

Well hell hath no fury like a woman scorned

L

She took all the whiskey and all the corn

E F#m

She set fire to my house, and took off in a storm

A I

Even after she's gone she's still keeping me warm

E F#m

Take me back those summer days

L

Winter's making my old bones ache

E F#m

I'll return when the weather's changed

I'll see you in the Diamond State again

E F#m

Well the roof caved in and the house came down
