

G C D G
They say not to dwell on the things that we can't have

Em C D D7
And to leave what's been done in the past

G C
But the memories come in

D G
And some get left behind

Em C D D7
But the sun won't go away just 'cause you ask

CHORUS:

C G
If I was young I would go back

C G
And pick you up against your will

C D G C G
Take you with me everywhere that I go

C G
If I had you I'd give money

C G
And all the love that you could hold

C D
And every morning we'd go dancing

C G
If I had you I would be gold

C G C G
If I had you I would be gold

C G
Still sometimes late at night

C G
In my dreams, I'll drift away

Em C D D7
To the place I left alone for so many years

C G

And there you are, just like before

C **G**
And here I am just like today

Em **C** **D** **D7**
As I wake up, I ll watch you off and disappear

CHORUS:

C **G**
If I was young I would go back

C **G**
And pick you up against your will

C **D** **G** **C** **G**
Take you with me everywhere that I go

C **G**
If I had you I d give money

C **G**
And all the love that you could hold

C **D**
And every morning we d go dancing

C **G**
If I had you I would be gold

C **G** **C** **G**
If I had you I would be gold
