

The Clouds
Joel Alme

Capo:4 fret

C/G

The clouds have swift today, my love

Em

And the ground is shaking strong.

Iâ€™m stuck inside this stormy city

Where everybody feels so alone.

And this place does not feel so nice,

Itâ€™s so dark, you canâ€™t even smile.

Itâ€™s so cold, you canâ€™t even cry.

Oh, love, I think Iâ€™m coming back,

This is no place for me,

Feels like my heart is turning black.

I miss my friends, I miss the smell of the sea

F

F/G G

And I miss to be near you.

The clouds had come today, my love

The ground is swinging soft

Iâ€™m sitting in a crowded train

Iâ€™m halfway home.

And as Iâ€™m looking through the window now

Iâ€™m thinking of you,

If you have saved me in your mind.

Oh, love, so many years have gone

Since I walked on your street

Itâ€™s time that we begun.
