[Intro]

**Am F C**

[Verse 1]

**Em Am F C Em**

Disbelief, when I first heard the news

**Am F C**

It left me angry and confused

**Em Am F**

Knocked the wind out of my soul

**C**

When we lost what made us whole

**Em Am F**

And now there s a heat behind my eyes

**C Em F**

And I can t stop asking why, why, why

[Chorus]

**F C Am G F**

**C**

They say it s gonna be okay but it doesn t take away it doesn t take away the pain

**Am G**

We don t have to be afraid

**F C Am G**

Cos I don t think it s an accident that tears are shaped like seeds

**F C Am G**

So I ll bury all my fears and trust they re turning into trees

**F G C**

Oh, I m fighting to believe

**G F C Em**

This is not the end of the story

[Verse 2]

**Am F C**

Grief, you re a loyal friend

**Em Am F**

Just when I thought I d never see you again

**C Em Am F**

You caught me by surprise and took me back to simple times

**C**

When we all had a place

**Em Am F C Em F**

But now in every precious moment I can feel the empty spaces

[Chorus]

**F C Am G F**

They say it s gonna be okay but it doesn t take away it doesn t take away the pain
