

**The War Against Ourselves**  
**Joel Faviere**

Intro: Just mess around finger picking these 3 chords, making sure to pluck the high e on the 2nd beat of Am Em, then delayed on the Fmaj7:

```
E |-----0-----0-----0-----|
B |-----1-----0-----1-----|
G |-----2-----0-----2-----|
D |-----2-----2-----3-----|
A |-----0-----2-----3-----|
E |-----x-----0-----1-----|

      Am           Em           Fmaj7
```

For the rhythm part use these chords and work out the pattern, it's not hard:  
\*the B7 is used as a link chord between the A & F\*

```
E |-----0----- (0) -----0----- (0) -----|
---|
B |-----1----- (0) -----1----- (0) -----|
---|
G |-----2-----2-----3-----2-----|
---|
D |-----2-----1-----2-----1-----|
---|
A |-----0-----2-----3-----2-----|
---|
E |-----x-----x-----1-----x-----|
---|

      Am           B7           Fmaj7           B7
```

In the little bridge-y section, these chords are alternated:

```
E |-----5-----0-----|
B |-----6-----1-----|
G |-----7-----2-----|
D |-----7-----2-----|
A |-----x-----0-----|
E |-----x-----x-----|
```
