Well there s far too many questions to ask,  
To answer any of them tonight.  
For I wear, too many masks,  
To tell if any of them are wrong or right.  
And confusion casts a shadow upon me,  
Like a great big cloud in the sky.  
And now, oh I pray for rain  
Cause it s been so long since I let myself cry ~

For so long, I ve sang this sad ole song.  
And it feels like my time is up.  
For she came and landed in my arms  
And she filled my half empty cup.  
Yes she filled my half empty cup,

There you are.  
Right in front of me,  
A brand new day,  
Sunrise Over Sea ,  
No longer,  
My cup half empty,

**C7 Am9**

Cause there you are,

**Em G7 C7 Am9**

You and your mum in front of me.

**Em G7 C7 Am9 Em G7**  
In front of me

**Em G7 C7 Am9**  
Now I look up above me,

**Em G7 C7 Am9**  
And I thank that Great Old God in the sky.

**Em G7 C7 Am9**  
For telling me my cup ain t half empty.

**Em G7 C7 Am9**  
Just took my little girl to show my why ~
