

Somethings Gotta Give
John Butler Trio

Ok, my first attempt at a guitar tab (please go easy on me lol)

Just a little tip;
when tuning to open C start at D and drop it down one whole step, then A you
tune
down one step, and then E down two steps, then tune B up half a step.

I d Advise Pretty Heavy Strings (i use 12 guage)

Tabbed by: Double Basser
